

# FORTECA

## KREGLICCY

The historic, brick building surrounded by a moat, with entrance over a bridge and a somewhat mysterious setting, serves as an excellent backdrop for unique events. It accommodates elegant receptions with sophisticated table settings, buffet banquets, picnic gatherings, concerts, conferences, ceremonial galas, and corporate events. The fortress is also a venue for exceptional weddings and wedding ceremonies. The 400-square-meter circular central hall, with a diameter of 24 meters, can host standing events for up to 600 people. Numerous rooms surrounding the main hall and underground spaces are also available. The Wednesday market at Forteca is where our friendly farmers offer a high-quality selection of fresh, seasonal, local products.
